

# INTENSIVE Literacy Clinic

## January 2019 SCHOOL HOLIDAY Program

Has your child spent another year at school struggling to read?  
Have you and your child felt frustrated at their lack of progress?

Join our literacy experts for an integrated approach to remediating your child's literacy difficulties. Your child will participate in gross and fine motor intervention supported by research to enhance the development of early literacy and reading comprehension skills. Your child will learn with peers, skills to improve decoding and reading comprehension. We complete an assessment of your child's development to individualise our program.

Call now to secure your  
child's position in this  
innovative program
